

# MERC TRAINING TABLE

**PALERMO LS-4-8A**

With roll-and-lock casters, the flip top training table Palermo is easy to move, store, or lock in place. You can link multiple tables together to create the perfect training space.

✓ Flipped and nested design for easy mobility and convenient storage

## BENEFITS

### **Mobility and storage**

very easily flipped and nested

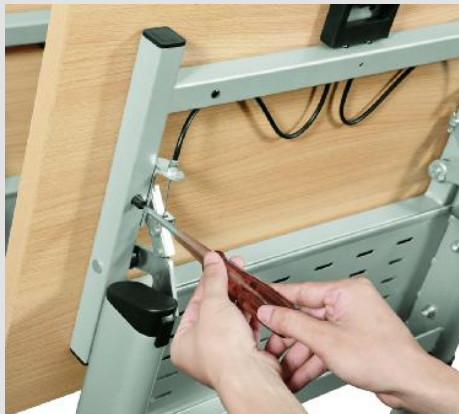

### **Single-handed operation**

simple flip-top mechanism provides complete ease of use

**VIAspace**

### **Table top height difference adjustment**

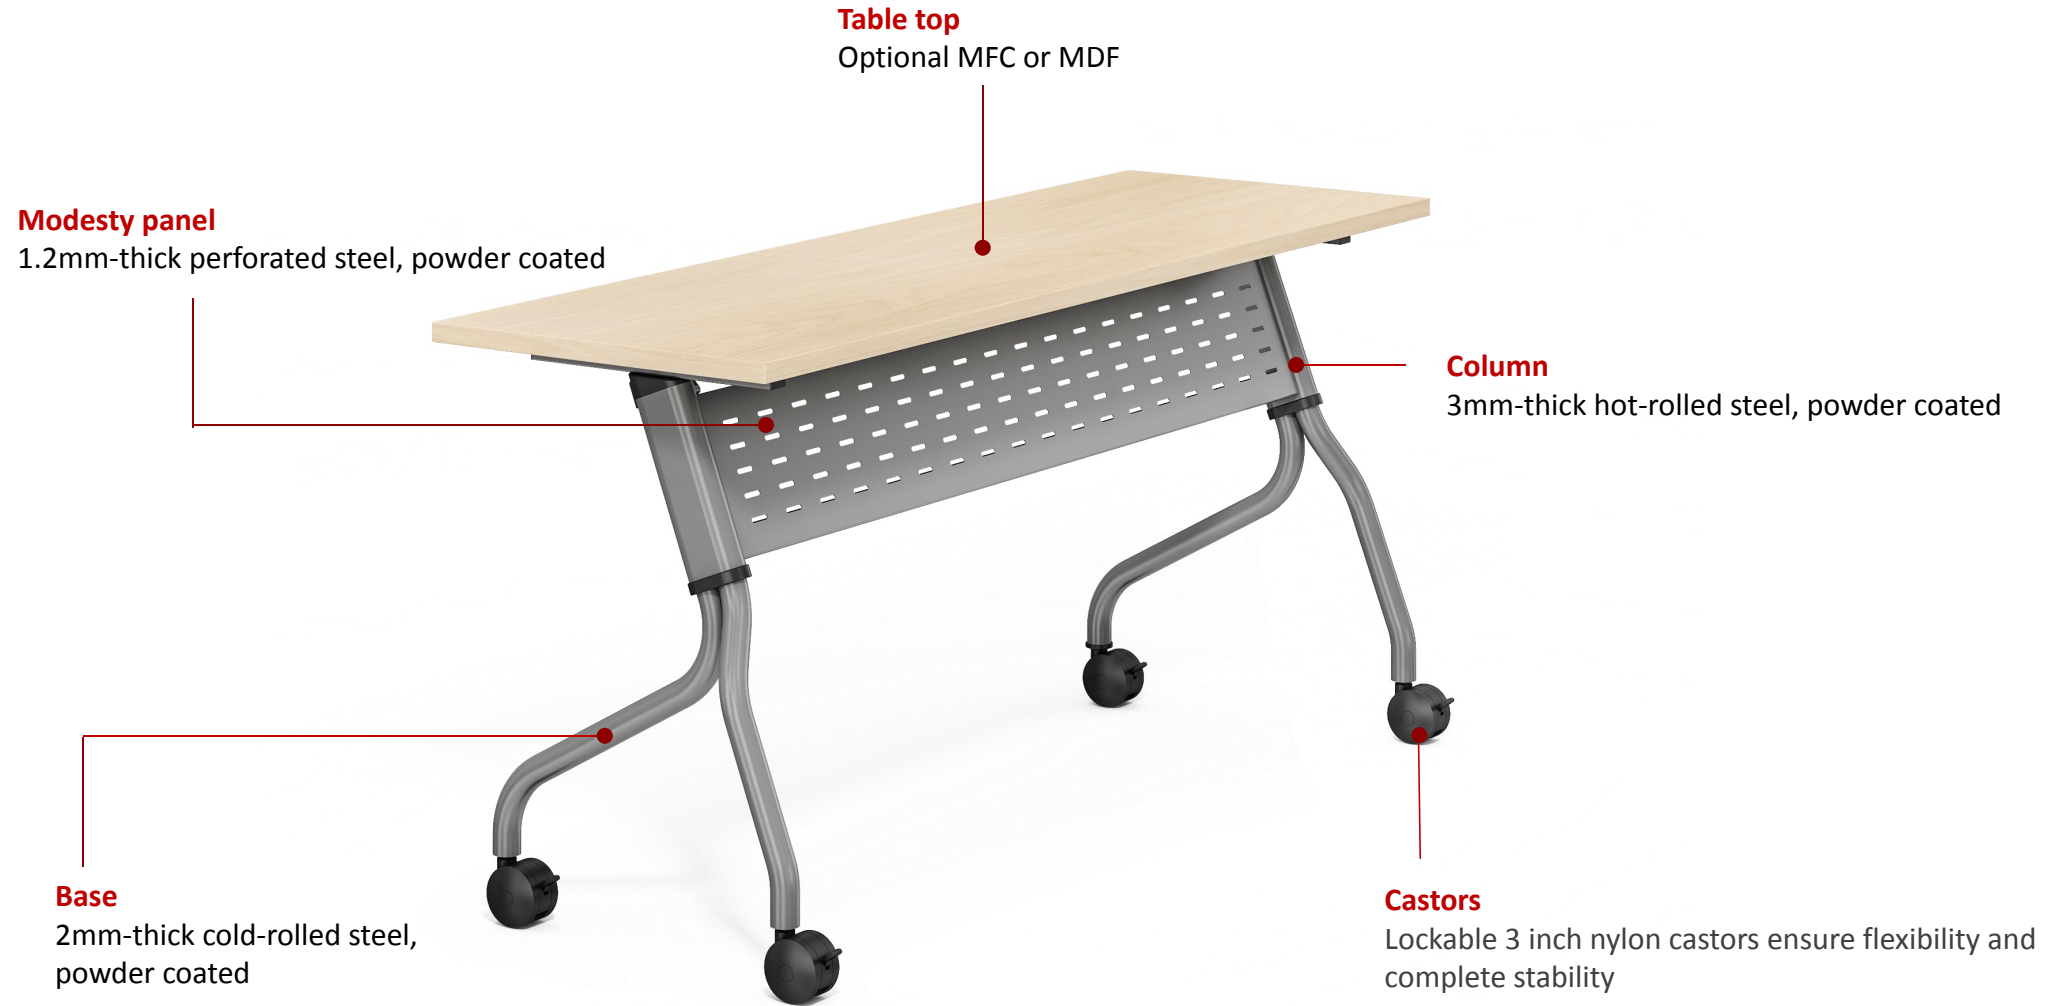

by screwing in and out the black screw in case table top is not horizontally constrained

### **Large 3 inch castors**

Easily roll through thick carpets
